The Single Economy · A Trillion-Scale Market

Two billion singles. One trillion-scale opportunity.

SoloAI turns real spending at AI bionic-companion experience lounges into real profit — and routes that profit into $SAI buybacks on-chain.

2B
singles worldwide

300M
singles in China

4%–5%
of global GDP in market demand

A market on the scale of global auto manufacturing

01 · THE LANDSCAPE

One blue ocean, three business models

AI Tech
Public-market funding

Track examples: Unitree, UBTech — emotional support and companionship.

Emotion · Companionship

AI Adult
Cannot go public

AI bionic-girlfriend adult lounges: traffic magnets that also earn.

Traffic · Profit

Franchise
5,000 lounges open in China

Franchise fee 30K–60K, avg. 2–3-month payback, 50%–300% monthly return.

30K–60K · 2–3 months

02 · SOLOAI FOUNDATION (OVERSEAS)

Single Economy × RWA: store profit, routed on-chain

500–1,000
co-invested partner lounges

Per-store profit split

Role	Before payback	After payback
Foundation	50%	30%
Store manager	30%	40%
Operator	20%	30%

20%–30% of profit buys back $SAI

100 stores
$500 per store, per month
$600K a year

1,000 stores
Ongoing buybacks
$6M a year

03 · TRAFFIC ENGINE

Lounges + full-range adult retail

5K–10K
followers per store in 3–6 months

5M–10M
followers across 1,000 stores

¥100M
1M fans × ¥100 spent per year

04 · THE VALUE LOOP

From real traffic to real value

01 **Web2.0 apartment traffic** →
02 **24/7 AI unmanned livestreams** →
03 **AI bionic-companion lounges** →
04 **Real spending**
05 **Real profit buys back $SAI** →
06 **Physical ecosystem · Mall** →
07 **On-chain ecosystem** →
08 **Real value**

05 · TOKENOMICS

1 billion supply. Half burned.

Burn	50%
Gifted to 319 alliance communities	15%
Ecosystem building	10%
Airdrop incentives	5%
Operations	5%
KOLs + exchanges	5%
Liquidity + market cap	5%
Institutions	3%
